

NRG Beverage

Use Gentle Guarana for a sustained lift.

Most of us are leading a busy, stressful lifestyle, surviving on fast foods and irregular meals, or reducing our calorie intake in an attempt to lose weight. This means the body is working with less fuel (calories), so energy levels may be compromised.

Get more out of each day, with GUARANA!

Guarana has been used for centuries by the Amazon Indians for its spirited, refreshing qualities and is still added to soft drinks today for the wonderfully natural, energetic feeling it provides.

Enjoy these uplifting qualities, captured in our NRG Beverage

Feel the benefit of 100% pure organically grown Guarana. It is easily absorbed by the body and gets to work quickly, providing a slow, sustained release for up to six hours! Guarana seeds contain multiple phytochemicals, healthful saponins, energising xanthines, regulating tannins. What other herbal products can provide such positive, non-toxic, safe and effective properties? Other maker's of Guarana products frequently add caffeine. With NO-ADDED caffeine*, our product is gentler on your body.

*NRG Beverage contain naturally-occurring caffeine.

Guarana is truly amazing – so enjoy the benefits and share them with all your customers too!
